This is a group to come talk and discuss your world. Youth Go is a safe place for everyone, but what about the rest of the world you live in? Come join us and discuss and support each other as we navigate through life outside of Youth Go. We are a LGBTQ and straight allied group of teens who will gather and discuss each of our worlds, how we are living in them, and look to how we can change them so that everyone feels SAFE.

Youth Go
